

What is Campus life?

Campus Life is a day program for young autistic adults (17 to 25 year olds) transitioning to adult life.

It includes campus locations or visits where participants can engage with tertiary students.

The curriculum is accessible, visual, engaging and suitable for adults with intellectual disability. There is de-sensitising space and support for augmented communication.

Campus Life Program

What is unique about this day program?

- It is in an inclusive environment, where you would expect to find young adults – a tertiary campus.
- It combines therapy, socialisation, and personalised learning.
- It is targeted at school leavers and young adults who are autistic.
- The participants have choices and control over what they do.
